Winter Rallies

Tom Hart is planning a winter cruise in November 2002. Below is my edited version of his e-mail correspondence.

"Antipodean" Solent Cruise

As everything is just a state of mind and it's summer in Aus, I suggest we call the projected meet at Cowes on 9th-10th November by the above name!

(H.W. Portsmouth 14.09, on Saturday)

The idea of Cowes is to make use of the facilities available, given the early nights, etc.

Any suggestions welcome about which marina/other venue would be appropriate. Otherwise, we would have to link up by mobile to whoever gets there first and identifies as a good position.

Fallback in the event of difficult weather would probably be Chichester Harbour.

Just in case anyone else is interested in joining him, David Sumner hopes to be sailing from Itchenor this Sat, 19 Oct 2002.
